EXAMPLES

HELLO, WORLD!

```rust
impl EmptyState for Example {

    fn on_start(&mut self, _: StateData<()>) {

        println!("Begin!");

    }

    fn on_stop(&mut self, _: StateData<()>) {

        println!("End!");

    }

    fn update(&mut self, _: StateData<()>) -> EmptyTrans {

        println!("Hello from Amethyst!");

        Trans::Quit

    }

}
```
